# **Hooksett School Board Update**

May 21, 2024

# **Route 3 Advisory Committee Update**

On April 17<sup>th</sup> the Route 3 Advisory Committee held a virtual meeting where members discussed additional recommendations to upgrades that are being proposed from Alice Avenue to Martins Ferry Road. At the Committee's last meeting, members asked the NHDOT to examine the feasibility of adding a second rotary which would be located where Crown Trophy, the old Bank of America building, Enterprise Car Rental and Irving Gas is located. On April 30<sup>th</sup>, a public hearing was held at the Town Hall to discuss the proposed changes to the scope of work.

# **Principals' Meeting**

On April 30<sup>th</sup> I met with my administrative team to develop a plan that will address the reassignment of the responsibilities for implementing PowerSchool for the 2024-25 school year. We also discussed how we need to develop a plan to support the district's ELA and Math initiatives that have been implemented over the past several years. I asked the principals to identify their top three ELA and Math initiatives they would like to see continued for next year.

On May 16<sup>th</sup> each principal provided a list of 3 initiatives along with a rationale for why they should be supported. We are scheduled to meet on May 20<sup>th</sup> to discuss how we can provide support for these initiatives.

# Repaying of Route 3 and the By-Pass

On May 6<sup>th</sup> the NHDOT started repaving Rt. 3 and the Bypass 28. Since I did not receive any notification from the NHDOT, I reached out to Administrator Garron to see if the town had been notified. Administrator Garron informed me that the town had not received any advanced notice. I expressed my concern that our buses in the morning and afternoon were running very late due to work on Rt. 3. He was able to provide me the name of the person who was supervising the project for the NHDOT. I spoke with the supervisor the next morning and he provided me with a schedule for the first two weeks of the project.

On May 14<sup>th</sup> I attended a meeting with Administrator Garron, Greg Tedeschi, Project Manager for the NHDOT, Bruce Thomas from the Hooksett DPW, Fire Chief Steve Colburn, Lt. Dave Scarpini from the Hooksett Police Department and representatives from Continental Paving to discuss the impact the roadwork is having the residents of Hooksett. Greg Tedeschi apologized for the lack of prior notice regarding the start date of the project. He said that communities

normally receive notice of any upcoming work on state roads. He really didn't give a clear answer as to why Hooksett did not receive such notification.

The representatives from Continental Paving provided everyone with a schedule for the work for the remainder of the week. The grinding of the pavement on Route 3 north and will continue until they reach the light at College Park Drive. Work on Route 3 north will continue to the Hooksett-Allenstown line. Initially, the road will receive an inch and half coat of asphalt Continental Paving will then begin work on grinding Route 3 south from Legends Drive to Bypass 28. This work will be performed at night.

Eventually an additional inch and a half of asphalt will be put down. The representatives from Continental Paving believe that the work may be completed prior to September 1<sup>st</sup> if there is favorable weather.

# <u>Pinkerton Sending Superintendents Meeting</u>

Last week I attended the sending superintendents meeting. Dr. Powers informed us that next year, Pinkerton will be implementing a Student Ambassador's Program. The purpose of this new organization is to improve relationships with each the communities which are serviced by Pinkerton. Next year, one of the primary initiatives will be to have the Student Ambassadors travel to each of the sending districts to read to kindergarten students. The story will be about Alan Shepard, the first American to travel into space.

Other topics that were discussed included:

- 1. A construction update on the social studies building. According to Dr. Powers the project is on budget and is scheduled to be completed by December.
- 2. Pinkerton has completed work on a three-year strategic plan. The plan still needs to be approved by the Board of Trustees which is scheduled in the next two weeks.
- 3. The Start Time Subcommittee is supposed to meet later this month.
- 4. Starting in the fall, Pinkerton will be accepting students from Fremont as a result of that town voting last March to send their students to Pinkerton. Over the next four years, Fremont will send one new grade to Pinkerton each year for the next four years. Dr. Powers believes this will eventually add 120-130 students to school's total enrollment.
- 5. The spring dinner for sending districts will be held on Thursday May 23<sup>rd</sup> at 6pm.

They engaged in explorations that let them learn more about electrical generation and efficiency. #### DIBELS

Dynamic Indicators of Basic Early Literacy (DIBELS 8) winter Benchmarks were completed by students in grade 3-5 during the month of May. Students complete the DIBELS benchmark three times each school year: September, January, and May. The DIBELS measures are quick and efficient measures that indicate if a student is on track for reading success. The DIBELS measures take between 1 to 2 minutes to administer and they are done individually with a trained staff member. DIBELS also provides the school with the ability to frequently monitor the progress of students who may require additional support. The DIBELS measures were developed to be indicators of the essential early literacy skills that a child must master to become a good reader. The indicators are listed below.

- Phonemic Awareness: Hearing and using sounds in spoken words.
- Alphabetic Principle and Phonics: Knowing the sounds of the letters and sounding out written words.
- Accurate and Fluent Reading: Reading stories and other materials easily and quickly with few mistakes.

KENN NESBITT

Funny Poems

- Vocabulary: Understanding and correctly using a variety of words.
- Comprehension: Understanding what is spoken or read.

## NH-SAS

Starting on May 21st students in grades 3, 4, & 5 participated in the New Hampshire Statewide Assessment System, NH SAS, summative assessment for Mathematics and English Language Arts. The NH SAS interim assessment provides a snapshot of a child's grade level academic

Congratulations to Senora Davila-Colon for winning the 2024 Vocesdigital National/International Teacher Spotlight Award. This award is given to world language teachers that have left a significant impact on their community and school. Senora is one of only five teachers to be presented this award.

Senora was nominated by Cawley's French teacher Gregory Bickford who wrote, "This teacher, through her many years of experience and service to various communities, has left a lasting impact on both the students and staff who have had the pleasure of meeting her. She has continued to innovate her classroom and craft through her 27 years in the field. Originally starting as an English teacher in her home of Puerto Rico, she has proved time and again that she is dedicated to teaching not only the language, but the culture of the Spanish-speaking world using her personal experiences. I have been lucky enough to have worked alongside her in our school's World Language department for the past five years and have seen nothing less than greatness. She is a phenomenal teacher who deserves outstanding praise and recognition."

On May 4, 6th grader Trystian Duquette attended the first annual Granite Gambit Chess Festival in Manchester. There were approximately 40 students from all parts of the state playing various types of chess tournaments. Trystian partnered with the Chess Club Advisor and 7th grade math teacher James Palmieri and they went 4 and 0 to be crowned champions of this tournament. Trystian was 11 and 1 on the day and took home two champion medals and 1 second place medal. Congratulations to Trystian for representing our school and town.

#### **Family and Consumer Science Class**

Students in Mrs. Olsen's sixth grade Family and Consumer Science have been learning about the environmental and social impact of clothing manufacturing, including labor practices, the amount of water needed to turn cotton into jeans and tee shirts, and the intermodal transportation required to ship raw products and finished materials worldwide. To put their

knowledge into practice, students are upcycling pieces of denim jeans and swatches of classroom fabric into creative works of art. A discussion about azo dyes and other forever chemicals used in textile manufacturing sparked the next project whereby students will use natural plant materials to dye fabrics in class. These are two new projects which precede their tried and true upcycle activity of turning second hand tee shirts into tote bags.

# "Bite of Reality" Financial Literacy Fair

Eighth grade Family and Consumer Science and Next Generation classes at Cawley are combining resources for an exciting new financial literacy program. Mrs. Meyer and Mrs. Olsen are collaborating to introduce lessons to help students set and reach future goals for financial wellness.

Instruction will be supplemented by lessons delivered by representatives from Service Credit Union within the Cawley classrooms. Topics will include budgeting, credit and debit, gross pay, personal credit scores, saving and taxes. Students will be practicing independent skills for lifelong financial wellness.

The culminating activity, "Bite of Reality" Financial Literacy Fair", will take place at Pinkerton Academy on June 4. Students will travel to Pinkerton Academy to attend the authentic learning experience. At Pinkerton the students will interact with professional financial representatives in their fields of expertise. Students will make real world decisions with the help of credit union representatives and financial planning experts regarding personal money management goals.

#### Sea Monkey Day

Cawley sixth graders celebrated National Sea Monkey Day on Thursday, May 16. Known as brine shrimp in the world of zoology, Sea Monkeys have their own official holiday to recognize their contributions to science. Brine shrimp are frequently used in experiments because they are ideal organisms due to their quick life cycle and simple care requirements. After studying these amazing arthropods, the sixth grade students participated in an afternoon of many Sea Monkey-themed activities in different curriculum areas.

# Air Cannons in 6th Grade

While learning about air pressure, students in Mr. Fleury's sixth grade science classes made "air cannons" that shoot harmless puffs of air that swirl in a donut shape called a torus. Although the air blasts are normally invisible, the students used a fog machine to make "fog rings" that were seen to float about 10 feet across the room. We appreciate the generosity of the Hooksett McDonalds for donating the McFlurry cups and lids that are the perfect size and shape for making air cannons.

#### **ALPS**

May is a busy month for the ALPs program. In FACS class, students are discussing upcycling and will be experimenting with natural dyes, creating color for fabric using food, spices, and plants. FLEX students are busy learning about Ancient Greeks and the original olympic games. The students are preparing to learn about the upcoming summer games in Paris in order to compare, contrast, and educate the rest of 6th grade about the olympics. Sixth grade students continue to work hard on their writing skills and will begin reading a short play based in Ancient Greece to complement what is occurring in the FLEX and Social Studies classes.

Seventh grade is entering the courts of law. The students are learning about the jury system, as well as role playing lawyers in the voir dire process. Next, the students will be reading a play as a group, discussing the concepts of bias and witness reliability.

Finally, 8th graders are reading "The Most Dangerous Game," and they will be comparing it to a modernized version that has been created as a podcast.

## **National Junior Honor Society**

The National Junior Honor Society board members are hard at work planning for the Talent Show that will be held on May 22 at 6:30. Admission is free and there will be a bake sale in the cafeteria. The members are hoping to put together a fun night of entertainment that will include singing, dancing, instrumentals, comedy and more. All money raised from this event will be donated to Honor Flight New England. For more information on this great organization please visit <a href="https://honorflightnewengland.org/">https://honorflightnewengland.org/</a>.

NJHS will be holding elections at the end of the month to select the new board members for the 2024-2025 school year. This is a great opportunity for 7th grade members to step into a leadership role and demonstrate the Portrait of a Learner qualities of communication, collaboration, perseverance, problem solving and responsibility.

#### **Builders Club**

The Cawley Middle School Builders Club had a busy April. The members helped clean up our town on Beautify Hooksett Day. The members also helped with the PTA ice cream socials at Hooksett Memorial. This month the members are planning a garden clean up at Underhill School and preparing for elections for officers for the 2024 - 2025 school year. On June 12 the end of the year ceremony and induction of the new officers will take place at 7:00 am in the Media Center.

#### **Student Council**

This month the Student Council celebrated Teacher Appreciation Week with notes of recognition and a special treat for each teacher in the building. Students are organizing one final activity in June for the student body to celebrate another great year and to encourage positivity and togetherness through the summer and into the next school year.

## **Unified Sports**

On May 13, students from Rundlett Middle School visited Cawley for the culminating unified sports event of the year. Students participated in soccer and other fun competitions to celebrate the year. Cawley provided lunch and ice cream for both teams.

#### **Athletics**

Spring sports are in full action! The track and golf teams are performing at a high level and having a lot of fun in the process. Track results can be found on the bulletin board outside the cafeteria. Baseball, softball, boys and girls lacrosse standings can be found at the league website: <a href="https://www.tricountyathletic.org/">https://www.tricountyathletic.org/</a>. Good luck to all teams as the start to prepare for the postseason.

#### **Performing Arts**

The Performing Arts students had their spring concerts at Hooksett Memorial and Cawley. On May 14 the band, chorus and jazz band performed at Hooksett Memorial School during the school day. On May 16 the band, jazz band and chorus performed for the student body

and staff at Cawley during a morning assembly and the parents and community that evening. It was a great performance capped off with the announcement of the award winners for the performing arts department. Congratulations to the following students.

Chorus Musicianship Award - Lilah Dugas, Natalia Jasiukowicz Chorus Director's Award - Jackson Hayes, Lorelei Sibona Band Musicianship - Emma Tilton, Cyril Wakim Band Director's Award - Jamie Gobout, Maggie McAuliffe

On June 3, fifth grade students from Hooksett Memorial School will join the Cawley Band and Chorus for a step up day concert. At the concert students will rehearse with the Cawley Band and Chorus and then perform a song for the parents.

Congratulations to Emma Tilton who participated in the New Hampshire Band Directors Association Honors Band Festival in April. In October, on her own time, Emma practiced and auditioned for a part in the band. She was one of about a dozen trumpets chosen to participate out of the more than fifty students who auditioned.

In addition, Emma Tilton, Reid Hamilton, Rachel Griffin, Lilah Dugas, Jackson Hayes, Natalia Jasiukowicz, Jonathan Palazzo, and Lorelei Sibona, participated in the NHMEA South Central District Music Festival on Saturday May 4. These students were nominated by their band and chorus directors to participate. In both events, students spent the day rehearsing music with middle school students from all over the state and through that one day of work put on a most impressive concert.

# NH DOE Program Approval and General Supervision (PAGS)

The NH Department of Education, Bureau of Special Education Support (Bureau) is required to monitor school districts for compliance with the Individuals with Disabilities Education Act (IDEA) and ensure that all children have access to a free, appropriate public education.

The Bureau of Special Education Support wants to hear from families who have students with disabilities

The focus of the discussion and listening session will be to:

- Learn about the Department's Monitoring process
- Provide feedback on Hooksett's special education programming
- Address specific areas of success in programming
- Answer questions about the special education process in Hooksett

The sessions are facilitated by the Parent Information Center (PIC). Registration can also be completed at <a href="https://bit.ly/3JgnBbR">https://bit.ly/3JgnBbR</a>

# **Summer Programming**

• Extended School Year (ESY) for special education students:

Grade levels	Location	Dates
Preschool	Underhill	7/08/24 - 8/15/24
		8:30 - 1:00 (Mondays and Wednesdays) 11:00 - 1:00 (Tuesdays and Thursdays)
K-4	Memorial	7/8/24 - 8/01/24
5-8	Cawley	IEP specific within 8:00-1:00. Student schedules will be mailed home to families.

- Title I Summer Academy At this time, the funding that was allocated to support a summer program for eligible students has been reallocated to fulfill our requirement to use Title I funds to support consistent education for McKinney-Vento eligible students (Homeless transportation).
- The administration team is researching if it will be feasible to offer an alternative program.

# Medicaid to Schools - Updates

• The New Hampshire Department of Health and Human Services, Bureau of Improvement and Integrity (BII), Program Integrity Unit (PI Unit), as part of its utilization review function, is required to ensure compliance with policies and procedures established by the New Hampshire Medicaid Program, as well as all applicable federal and state laws. All districts within SAU 15 have been selected to participate in this routine review. The Hooksett School District will be submitting all required information by May 21, 2024 and will be hosting an in person file review meeting in July 2024.

 We have historically utilized MSB School Services as our vendor to process our medicaid claims. There has recently been changes in their staff, software, and ability to offer the level of support we are seeking. A

strong competitor that we are exploring a new partnership with is Relay. This switch would offer a 1% rate reduction, more support for all staff entering medicaid eligible student data, more administrative support, and more readily available in person training. The software is also very user friendly and more transparent than other options that were explored. There has been a slow and steady decrease in medicaid reimbursement funds for Hooksett since a restructure with medicaid laws a few years ago. The hope is that the switch in providers will help to maximize reimbursement to the Hooksett School District.

# Director of Mathematics, Accountability and Assessment Report Hooksett School Board Meeting May 21, 2024

# **Mathematics**

In this month's K-2 PLC, we reviewed the Universal Screener for Number Sense, focusing on its purpose to assess key math skills in early grades and discussing administration guidelines for consistency. The teams explored potential student responses and typical errors, sharing insights to refine scoring criteria. This collaborative session aimed to boost the screener's effectiveness in tracking and supporting student math progress.

In PLC for grades 3-5, we reviewed the results of recent assessments and focused on rubric calibration. We closely analyzed sample student responses using the established rubric to ensure consistent scoring across classrooms. This alignment process clarified scoring criteria and promoted uniform assessment practices, enabling teachers to provide equitable and constructive feedback to enhance teaching strategies.

This month we had grade-level PLC at Cawley where we reflected on the year, focusing on strengths and areas for improvement related to instruction, assessments, Flex, and Title 1. The discussion highlighted several successes and areas of opportunity.

# Accountability & Assessment

This spring, K-2 students will undergo two screening assessments. Each student is set to take the Universal Screener for Number Sense, which consists of two parts: a one-on-one interview and a written test. The Spring USNS assessments aim to offer a conclusive evaluation of number sense that matches the year-end expectations for each grade, while also providing additional data to track student progress. Additionally, students in K-5 will participate in the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) assessments. These assessments target crucial literacy skills including phonemic awareness, phonics, fluency, and reading comprehension.

Students in grades 3-8 have started New Hampshire Statewide Assessment System, NH SAS, reading and mathematics assessments. Students in grades five and eight will also complete the science portion. In accordance with NHED policies, testing schedules were posted on the school websites and notices were sent home to families. I was available during testing to help as needed with technical issues and proctored testing for teachers who were out. On May 20th, parents will receive their students access codes to be able to view NH SAS summative results online. Due to the hand-scoring of the writing portion from March, ELA summative results will not be available until mid-June.

# **Modeling Lessons**

I have had several chances to instruct and model several UFLI lessons for our K–2 teachers. This has been tremendously beneficial and provides me with chances to guide and assist the teachers in implementing the new curriculum.

#### **Professional Learning Teams**

Professional learning teams are crucial in fostering collaborative environments where educators can engage in continuous improvement. This month, during our PLTs, we focused on rubric calibration, common assessments and our programs and processes. Through ongoing reflection, collaboration, and data-driven decision-making, professional learning teams play a pivotal role in advancing educational outcomes and promoting student achievement

#### **DOE Book Club**

The NH Dept. of Education is holding a book group featuring the new book from Scholastic, "7 Mighty Moves: Researched-Backed, Classroom-Tested Strategies to Ensure K–3 Reading Success." The purpose of this activity is to provide a curated experience where NH educators can read, learn, and talk about proven classroom strategies to ensure reading success. These practices and ideas are grounded in scientific evidence to bridge the research-to-practice gap. This book club meets once a month, and we are lucky enough to have seven of our educators in grades K–3 who have decided to join this group.

# **LETRS for Administrators**

On May 11, I attended the fourth round of the "LETRS for Administrators" course. This month's training was focused on the necessary tools to support teachers in making sure they are delivering quality instruction. Throughout my PLT's, I will be sharing the information with the teachers and reading specialists.

#### **SAU Wide Reading Team Meetings**

The reading specialists at Memorial, Underhill, Cawley, Auburn and Candia and I met to discuss goals, screenings, interventions, and literacy initiatives for students and the schools. We discussed data collection, data team meetings, PLT focus and how the school year went from an ELA and intervention standpoint.

## **May Update**

The technology department continued to support students and staff throughout the month of May.

This month I attended the 2023-2024 i4see training to help begin the process of submitting our end of year state reporting. The process can be long and cumbersome so it is important to get started as early as possible to ensure our data is accurate before submitting it to the state.

We also finished the camera project installation at the Cawley Middle School and have had great success with the new system as a few incidents have already come up that required minor investigations. The speed and accuracy of this system has been a tremendous advantage that cannot be overstated.

Other highlights for the month include:

- Met with the administrative team to brainstorm ideas regarding daily operations for the 2024-2025 school year
- Resolved an issue with the shooter detection system that temporarily took it offline
- Replaced the camera system display device in the Cawley main office
- Prepared district technology devices for the NHSAS testing window
- Responded to a cyber incident that required a quick response and an audit of account activity afterward
- Began preparing the district inventory for its end of year submission
- Continued to repair and replace student Chromebook devices
- Continued to maintain and upload content to district websites
- Began reviewing technology policies for end of year submission
- Made revisions to the student web filter policies to refine access to online media
- Continued to monitor the email quarantine for particular keywords that have been used by outside actors in spam and phishing attempts

# **Professional Learning:**

- On April 23rd, I attended a training session with Shawntel Remy, EBSCO Information Services representative for NH. We reviewed updates to EBSCO database content along with creating improvements to Hooksett's discovery services by customizing the interface for elementary and middle level students.
- President Courtney Pentland and John Schu, author of *The Gift of Story: Exploring the Affective Side of the Reading Life.* The facilitators lead an interactive discussion framed by the recently released professional book which invites readers to consider literacy beyond its academic benefits, highlighting the ways a *story* speaks to our hearts and brings us together. Strategies for using the book to promote student and staff connection and wellness were shared. Thanks to a generous contribution ALA President Emily Drabinski, our district received a complimentary copy of *The Gift of Story* that is now available in our professional learning collection.

# **Underhill School Highlights:**

Thank you to Mrs. Pyles for coordinating this year's Artist in Residence with author/illustrator Marty Kelley. This event is partially funded through a grant from the New Hampshire State Council on the Arts and the National Endowment for the Arts. We greatly appreciate the Hooksett PTA's essential support for this yearly enrichment opportunity. The culmination of the residency was a Writers' Celebration showcasing the work of our second grade writers and illustrators along with a concert with

- Marty Kelley and Steve Blunt, award winning musician & storyteller. The celebration was held on the evening of May 1st at Cawley Middle School.
- ➤ Underhill students celebrated Poetry month in April by reading poems and creating Diamante poems for their teachers. Kindergarten classes also wrote poems about Spring, which they recited for their families during their recent Open House.
- ➤ Kindergarten classes have read *Argyle Fox* by Marie Letourneau, *They All Saw a Cat* by Brendan Wenzel, and *The Very Impatient Caterpillar* by Ross Burach. Students are watching live caterpillars turn into chrysalises and then into butterflies; they enjoy seeing the transformation each time they visit the library.
- First and second graders reviewed how books are organized in alphabetical order on the library shelves. They practiced organizing books on virtual shelves and in real life.

- First graders read Let Liberty Rise: How America's Schoolchildren Helped Save the Statue of Liberty by Chana Stiefel and then compared their heights to that of the statue's nose and mouth.
- Second graders read Antsy Ansel: Ansel Adams, A Life in Nature by Cynthia L. Jenson-Elliott. They learned about Ansel Adams's photography and took a virtual tour of several National Parks. They also read How to Code a Sandcastle by Josh Funk and then worked to get from one point on a grid to another using code.
- Second grade book club continues to meet every Monday afternoon, they are currently reading *The Adventures of Sophie Mouse: A New Friend* by Poppy Green. First grade book club meets every Tuesday in the library before school; they are reading *Cornbread & Poppy* by Matthew Cordell.
- > Students from all three grades have taken advantage of the library's open hours from 8:40 to 9:10 a.m. Since September 14, 2023, 1,835 students have come to the library to exchange their books before classes begin.

# Memorial School Highlights:

- This month, grade three students are preparing to meet author Jon Stahl in person in June by reading Stahl's picture book, *Dragons Eat Noodles on Tuesday*. They are also engaging in a number of fun writing activities related to the book.
- Ms. Beaudoin coordinated a virtual author visit for all fourth graders with Kenn Nesbitt, author of several poetry books including A Festival of Frogs: Funny Poems for Kids. Mr. Nesbitt is also the creator of the website Poetry4kids.com. Fourth grade students have finished up their poetry unit in the Library Media Center by writing and submitting their poems for the Library Media Center's annual Fourth Grade Poetry contest. Thank you to Ms. Beaudoin and Mrs. Langton for arranging this fun and informative author visit.

> Students in fifth grade are busy working on a book commercial project. Students write a short, persuasive advertisement for a favorite book that they have recently read. Students use *Book Creator* to create an interactive digital poster representing their book including a recording of their voice and music. The finished commercials will be shared with fourth and fifth grade students as a way to inspire ideas for summer reading.

# Cawley Middle School Highlights:

- ➤ The Hooksett public librarians Mark Glisson, Heather Dresser, and Jane Martina met with me on April 11th. We reviewed the public library databases that could help fill some of the gaps resulting from the 2024-2025 budget cuts. The main obstacle is the low number of students who have their own library card. We are investigating strategies to increase library card access for students.
- ➤ All eighth grade social studies classes met in the library to continue their Holocaust novel studies.
- Officer Bergeron presented on the topic of Digital Citizenship to parents and students during Project Safeguard.
- ➤ All sixth grade English Language Arts classes came to the library to learn about several genres: Realistic Fiction, Sports Fiction, Adventure Fiction, Mystery Fiction, Humor Fiction, and Graphic Novels. Students were presented with a selection of new and

favorite books and used the online catalog enhancements to find and borrow books from one of these genres.

- ➤ All *Team Yale* students came to the library to learn how to create 3D Models using Tinkercad. They also learned about our 3D printer and how to request to have their 3D Model printed in our library. So far this year, students have printed thirty-eight 3D models using the 3D printer.
- Cawley students continue to access library media services, both individually and with their classes. Since the start of this school year, students have come to the library 7,854 times to borrow books, conduct research, receive instruction, and to access support with our digital resources and 3D printer.

#### **2024 Staff Retirements**

The Hooksett School Board will host a recognition for retirees at the start of our May 21 meeting, following a social event at 5:30p.

1.	Maria Lourdes Donahoe	Fred C. Underhill School	English Speakers of Other Languages
2.	Michelle Fuller	Cawley Middle School	Art
3.	Laurel Levesque	Hooksett Memorial School	Grade 5

4. Debra Lyscars Fred C. Underhill School Grade 1

We are saddened to lose some of our valuable staff members at the end of this year, but happy they are beginning new adventures. Thank you, retirees, for your dedicated service to the Hooksett School community!

Last year, our Staff Appreciation committee (Jillian Godbout, Amy Tremblay, and Alexis Quinlan) created a "Legacy Wall" plaque for each school, honoring retirees starting in 2020. This year's retirees will be posted there shortly.

# **School Board Tours of Schools**

In recent years, the School Board Members have made a specific effort to visit the three Hooksett schools during the school day, and this month featured another round of administrator-led tours.

Lynn Baker, Jonah Schulte, and I were able to tour David R. Cawley School and Fred C. Underhill school on May 14<sup>th</sup>, and Hooksett Memorial School will be toured on May 16<sup>th</sup>. The tours provide a unique opportunity to visit with staff and students. Although many of us have children in school, and everyone attends events at the schools outside of school hours, it's uniquely rewarding to visit the schools during the school day.

Led by the school Principals, we have opportunities to observe classroom

instruction – depending on the class or activity, either discretely or quite hands on! It's wonderful to interact with teachers, assistants, support staff, and students. We also get to see operations like the

# **Hooksett School Board**

# **Chair's Report**

lunchroom, activities in the gymnasiums, and visit the grounds around the schools. Finally, the tours provide opportunity to review and discuss facilities infrastructure and building security.

It was encouraging to see some of the technology use in the schools, either supplementing instruction or as core skills that were a focus of the instruction. For example, middle school students at Cawley School were receiving a lesson on computer spreadsheets – these kinds of skills are important for students as well as future work force members. Students were quite engaged, and at the risk of using fuzzy terms, we all felt the schools all had excellent "energy".

We appreciate everyone who visited with us and let us their join their activities.

# Facilities Maintenance Committee – Soliciting Community Members

The Hooksett School Board is currently forming a committee to focus on the Hooksett Schools' facilities. We are looking for 3-5 community members who would be willing to join this School Facilities Committee, preferably community members who have a background in construction or facilities who could bring their knowledge and expertise to our group. Interested individuals would need to be able to meet in person at one of the Hooksett schools one to two times a month for the next 6 months.

The committee will be working to identify and prioritize needed facilities improvements, culminating with a report to the School Board in October 2024 to provide guidance on project scope, planning, and budgeting, ultimately influencing warrant articles for the 2025 school district ballot. Meetings would be held late afternoon or early evenings. If this is something you would be interested in, or have any questions, please email the Hooksett School Board at hsb@sau15.net. The Committee would like to get started by June.

Academic Information	18		Academic Honesty and Integrity  In its attempt to promote student excellence, the Hooksett School District expects students to conduct themselves with honesty and integrity. Academic dishonesty is any form of cheating, forgery, or plagiarism on any assignment or assessment.  To make the most of their school experience, students must take control of their learning by completing their own work. Sometimes this learning occurs in the form of assignments for which students are expected to work independently, or in other instances, cooperatively as indicated by the teacher. Independent and collaborative thinking and giving credit for thoughts other than one's own are essential skills, as are the ability to distinguish one's own thoughts from someone else's (or AI) without giving credit. In addition, students should cite their sources to reflect others' work.  If one incorporates generative AI material into academic work, that person asserts that it accurately reflects the facts and should be identified as such through independently verified citation. In addition, AI materials need to be appropriately cited as being generative AI produced.

### David R. Cawley Middle School Parents - Co-Curricular Code of Ethics

When it comes to parent conduct at middle school sporting events, it's important to remember that these events are meant to be enjoyable and supportive for the young athletes. To promote positive parent conduct, I will:

- -Be a role model: Showing good sportsmanship by cheering for both teams, respecting the officials decisions, and avoiding negative comments or behavior.
- -Encourage, not criticize: Focusing on supporting and encouraging my child and his/her teammates rather than criticizing or putting pressure on them or others.
- -Avoid confrontations: If I have a disagreement or concern, I will address it calmly and respectfully with the appropriate person, such as a coach or school official, rather than engaging in the confrontations with other parents, spectators, referees, umpires and game officials. If you have a question regarding something that occurred in the game, please do not try to speak with the coach prior to, during, or immediately after the game. It is recommended that you wait 24 hours to contact or speak with the coach.
- -Stay positive: Remembering that the main goal is for the athletes to have fun, learn, and grow. I will stay positive and create an environment that fosters my student's enjoyment and development.
- -By following these guidelines, I can help create a positive and supportive atmosphere for everyone involved in the sporting events.

I agree and will honor the above listed guidelines.

Per RSA 193:12, students who are deemed legal residents of the school district pursuant to a divorce decree or parenting plan developed under RSA 461-A will not necessarily be provided transportation. The Superintendent or designee will make all determinations as to whether transportation will be provided in such circumstances. The Superintendent or designee's decision will be final.

- 2. Each student will be assigned to ride on a specific school bus to and from his/her high school.
- 3. Each student riding to or from his/her school shall have in his/her possession a valid bus pass to present to the driver of the school bus to which he/she is assigned before the student will be permitted to ride on the bus. It is essential for schools to maintain a safe and orderly environment which supports student learning and achievement. All students are expected to conduct themselves with respect for others and in accordance with School Board policies, school rules, and applicable state and federal laws. Disciplinary action may be taken against students who violate policies, rules, or laws, and/or whose conduct directly interferes with the operations, discipline, or general welfare of the school.

Disciplinary consequences will range from a verbal warning for minor misconduct up to and including expulsion for the most serious offenses. The Hooksett School District will follow the procedures set forth by state and federal law, specifically RSA 193:13 and Ed 317, in the discipline of students. The Hooksett School Board does not review appeals of student disciplinary decisions unless a right to appeal is explicitly conferred by policy or by law.

Behavior that also violates the law may be referred to law enforcement authorities.

### **Temporary Removal from Classroom**

Students may be temporarily removed from the classroom at the discretion of the classroom teacher. A student may be temporarily removed if the student refuses to follow the teacher's directions, fails to follow school policies or rules, disrupts the classroom environment, or otherwise engages in conduct that violates the Student Code of Conduct. During such removals, students will be sent to the building principal's office or designated area.

#### **Teacher Detention**

Students may be assigned a detention at the discretion of the classroom teacher. A student may receive a detention if the student refuses to follow the teacher's directions, fails to follow school policies or rules, disrupts the classroom environment, or otherwise engages in conduct which violates the Student Code of Conduct.

During such detentions, students will be required to remain at school during non-school hours; elementary students may serve a detention during their recess period(s). Parents will be notified at least twenty-four (24) hours prior to the detention. The length of the detention is left to the discretion of the classroom teacher and will generally not to exceed one (1) hour.

A student may receive a detention if the student refuses to follow the administrator's directions, fails to follow school policies or rules, disrupts the school environment, or otherwise engages in conduct which violates the Student Code of Conduct. During such detentions, students will be required to remain at school during non-school hours. Parents will be notified at least twenty-four (24) hours prior to the detention. The length of the detention is left to the discretion of the administration and will generally not to exceed one (1) hour.

### **In-School Suspension**

The student will be expected to remain of good behavior and work quietly on school work while serving the in-school suspension. Parents will be notified 24 hours prior to the in-school suspension.

### Short-Term Out-of-School Suspension

The building Principal or representative designated in writing by the Superintendent is authorized to suspend a student for a specific period of time, not to exceed ten (10) consecutive school days. A suspension may be imposed for:

- Behavior that is detrimental to the health, safety, or welfare of pupils or school personnel; or
- Repeated and willful disregard of the reasonable rules of the school that is not remediated through imposition of the districts graduated sanctions.

During such suspensions, unless otherwise stipulated in writing, a suspended student is not permitted to attend school classes or activities, school sponsored events, or be on school property for the duration of the suspension.

A student who is subject to a short-term suspension (ten school days or fewer) is entitled to the following due process:

- 1. The student will meet with the building principal or assistant principal to discuss the charges and the evidence against the student. The principal or assistant principal will inform the student of the possibility of a short-term suspension.
- 2. The student will be given an opportunity to present his or her side of the story at this meeting.

Provided, nevertheless, that if the nature of the evidence will violate the privacy of other students or if the Superintendent or School Board determines that substantial harm to the pupil could result from an ill-conceived decision to hold the hearing in public, then the Board reserves the right and obligation to insist upon a private hearing.
  - d. The student may, together with a parent/guardian, waive the right to a hearing and admit to the charges.
- 3. The student is entitled to a written decision which includes the legal and factual basis for the conclusion that the student should be suspended.
- 4. The written decision shall include notice to the student that the decision may be appealed. For a long term suspension issued by Superintendent, the decision must be appealed in writing to the Hooksett School Board within ten days after the issuance of the decision. The School Board will hold a hearing on the appeal but has the discretion to hear evidence or to rely upon the hearing conducted by the Superintendent.
- 5. For a long term suspension issued by the School Board, the decision must be appealed to the New Hampshire State Board of Education within 20 days after receipt of the decision.

- Criminal threatening that constitutes a class B felony pursuant to RSA 631:4, II(a).

During an expulsion, unless otherwise stipulated in writing, a student is not permitted to attend school classes or activities, school sponsored events, or occasion school property.

- 1. Upon recommendation of an expulsion and prior to any hearing, there shall be a written notice to the student and at least one of the student's parents or guardians, delivered in person or by mail to the student's last known address, which states the date, time, and place for a hearing before the School Board. The notice shall be delivered to the student and at least one of the student's parents/guardians at least **five** calendar days prior to the hearing.
- 2. The School Board shall conduct the hearing in accordance with New Hampshire Administrative Rule Ed 317.04(f) (3) (g).

  - b. During the hearing, the student, or the parent/guardian shall have the right to examine any witnesses presented by school officials.

- c. The hearing shall be either public or private and the choice shall be that of the student or the parent/guardian. Provided, nevertheless, that if the nature of the evidence will violate the privacy of other students or if the Board determines that substantial harm to the pupil could result from an ill-conceived decision to hold the hearing in public, then the Board reserves the right and obligation to insist upon a private hearing.
- d. The student may, together with a parent/guardian, waive the right to a hearing and admit to the charges.
- 3. Before expelling a pupil under this section the local school board or chartered public school board of trustees shall consider each of the following factors:

  - b. The student's disciplinary history;
  - c. Whether the student has a disability;

  - e. Whether the school district has implemented positive behavioral interventions;
  - f. Whether a lesser intervention would properly address the violation or behavior committed by the student.
- 4. The School Board shall issue a written decision stating whether the student is expelled and, if so, the length of the expulsion. If the decision is to expel, the decision must include the legal and factual basis for the decision including the specific statutory reference prohibiting the act for which the student is expelled.
- 5. The expulsion shall run until the School Board reviews it and restores the student's permission to attend school. The written decision shall state any action that the student may take to be restored by the School Board. The decision shall also state that the student has the right to appeal the decision to the New Hampshire State Board of Education at any time while the expulsion remains in effect.

Any expulsion shall be subject to review by the School Board, if requested, prior to the start of each school year. ### HOOKSETT SCHOOL DISTRICT ESTABLISHING CRITERIA FOR SPECIAL EDUCATION EVALUATIONS

The State and Federal special education laws require that the Hooksett School District evaluate children with disabilities who are in need of special education and related services. The district evaluates children upon referral for special education and reevaluates educationally disabled children at least once every three years or when conditions warrant a reevaluation.

The district is committed to ensuring that each child's IEP team bases its decision on high quality, reliable and educationally sound special education evaluations.

The district has established the following criteria for all special education evaluations. These criteria consequently apply to all evaluations conducted by school district personnel, all evaluations the district asks outside contractors to conduct, and all independent evaluations parents expect the school district to review, consider, and/or fund.

Unique circumstances may justify deviation from these criteria. If a parent or district staff member is aware of such unique circumstances, they should inform the student's case manager or the district's special education director immediately.

- 1. The evaluation must comply with the relevant provisions of the State and Federal special education laws, including 34 C.F.R. §§ 300.301–300.311, and N.H. Code of Administrative Rules Ed 1107.
- 2. The evaluation must be conducted in New Hampshire, by an evaluator whose principal office is located in New Hampshire, unless there is no qualified evaluator in New Hampshire.
- 3. The evaluator must hold a valid license from the State of New Hampshire in the field related to the known or suspected disability. The evaluator must have extensive training and experience in evaluation in the area(s) of concern and be able to interpret the instructional implications of the evaluation results. In instances where no "applicable license" exists, the district must be satisfied that the evaluator has extensive training and experience related to the known or suspected disability.
- 4. The cost of the evaluation shall not exceed the usual and customary rate for such evaluations.

- 5. The school district will not pay for the evaluation until it receives the evaluator's report.
  - 6. The evaluator must review relevant educational records.
- 7. Unless otherwise determined by the members of the child's IEP team, the evaluator must either: a) observe the child in one or more educational settings; or b) make at least one contact with the child's general education teacher for the purpose of determining how the student is progressing in the general curriculum. In addition, evaluators are encouraged to make additional contacts with other involved general and special education teachers and related service providers.
- 8. The evaluator must be permitted to directly communicate and share information with members of the IEP team, the district's special education director, and the director's designees. The evaluator must also release the assessments and results, including any parent and teacher questionnaires, to members of the IEP team, the district's special education director, and the director's designees.
- 9. The district shall be entitled to inspect and obtain copies of the evaluator's records, including any records created by third parties. However, for purposes of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g(a)(4)(B)(i), records will not be deemed accessible to any school district personnel other than the evaluator, unless and until the district exercises its right to inspect or obtain copies of those records from the evaluator.

### HOOKSETT SCHOOL DISTRICT PEDICULOSIS CONTROL POLICY

Whenever a student exhibits symptoms of infestation with lice and/or nits, the parents/guardians shall be notified as soon as possible. The parents/guardians shall be instructed about acceptable delousing shampoo and procedures.

The student will be dismissed from school for treatment.

The school nurse shall examine the student on return to school to determine if adequate treatment has been followed. If treatment has been inadequate, parents will be reinstructed and the student will be sent home for further treatment.

In the case-of reinfestation or incomplete treatment, a home visit by the school nurse or public health official will be required to monitor proper procedures.

Screening. Based on recommendations from the American Academy of Pediatrics, the National Association of School Nurses, the New Hampshire Department of Health and Human Services, and the Centers for Disease Control and Prevention, the Board recognizes that head lice or nit infestation poses little risk to others and does not result in additional health problems, and that students with nits and/or head lice or nits should not be excluded from school. The Board recognizes that school-wide screening for nits alone is not an accurate way of predicting which children will become infested with head lice, and screening for live lice has not been proven to have a significant decrease on the incidence of head lice in a school community.

Parents are encouraged to check their children's heads for lice if the child is symptomatic.

The school nurse will periodically provide information to families of all children on the diagnosis, treatment, and prevention of head lice.

Management on the Day of Diagnosis. The management of pediculosis should proceed so as to not disrupt the education process. Nonetheless, any staff member who suspects a student has head lice will report this to the school nurse or in her/his absence the Principal.

The school nurse may check a student's head if the student is demonstrating symptoms. Students known to have head lice will remain in class provided the student is comfortable. If a student is not comfortable, he/she may report to the school nurse or principal's office. Students with demonstrating symptoms, or who are found to have lice will be discouraged from close direct head contact with others and from sharing personal items with other students.

Students in a preschool setting who have visible or live lice may need to be excluded only if direct head-to-head contact cannot be avoided or if the student is uncomfortable.

Siblings of students found with lice may also be checked if there is suspicion that infestation may exist.

The school nurse or Principal/designee will notify the parent/guardian by telephone or other available means if their child is found to have head lice. Verbal and/or written instructions for treatment will be given to the family of each identified student. Instructions will include recommendations for treatment that are consistent with New Hampshire Department of Health and Human Services recommendations. In addition, the school nurse may offer extra help or information to families of children who are repeatedly or chronically infested.

Once a student with "live lice" has left the school, they will not be allowed to return to school until after treatment resulting in no lice, with an anti-parasitic drug or other proper treatment as recommended by the school nurse has begun. When the student returns, the nurse will verify that treatment has begun.

#### HOOKSETT SCHOOL DISTRICT STUDENT SEARCHES AND THEIR PROPERTY

A\_student's person or personal property student—is subject to search by School District district—staff if reasonable grounds exist to suspect that evidence of a violation of the law or school rules will be uncovered. School staff shall report a student's suspicious activity to the Principal. Searches may only be conducted by the Principal, Superintendent, or other authorized personnelprior to initiating a search, except in emergency situations. The search must be reasonably related to the objects of the search and must not go beyond what is warranted given the nature of the suspected violation.

#### **Establishing Reasonable Grounds**

The following review of the basis for search should occur before conducting a search:

- A. Identify:
  - 1. The student's suspicious conduct, behavior, or activity.
  - 2. The source of the information.
  - 3. The reliability of the source of information.
- B. If suspicion could be confirmed, would such conduct be a violation of the law or school rules?
- C. Is the student likely to possess or have concealed any item, material or substance which is itself prohibited or which would be evidence of a violation of the law or school rule?

If the answers to B and C are yes, authorized personnel may conduct a search.

#### Conducting the Search

Strip searches are forbidden. No clothing except cold weather/outdoor garments and footwear will be requested to be removed before or during a search.

Whenever possible any searches of students will be conducted by authorized personnel of the same sex as the student with another staff member present.

If the Principal or his/her designee determines that reasonable grounds exist to search a student's clothing, personal effects, desk, locker, assigned storage area, or automobile the The search shall be conducted as follows:

. If evidence of criminal activity is suspected to be present, and prosecution by civilauthorities will be recommended if confirmed by the search, consult law enforcement officials
regarding the appropriateness of a search by a law enforcement officer.

Formatted: Indent: Left: -0.25", Line spacing: single

BA. If evidence of violation of a school rule is suspected, and if that is confirmed by the search, the matter will be handled solely as a student discipline action. The

Formatted: Line spacing: single

Principal or designee will proceed to search by asking the student to remove all items from pockets, purses, handbags, backpacks, gym bags, etc.

- B. If the student refuses to cooperate in a personal search, the student should be held untilthe student's parent(s) or guardian(s) are available to consent to the search. If a parent
  or guardian cannot be reached in a reasonable time, the Principal or designee may
  conduct the search without the parent(s) or guardian(s) consent.
- F.C. If a search discovers evidence that a student has violated the law, the Principal or designee shall contact local law enforcement.
- G.D. If a search discovers evidence that a student has violated or is violating the School District's policies, school rules or the law, such evidence may be seized by school officials, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

#### Locker, -Searches Desks, and Storage Areas

Lockers, desks, and storage areas are the property of the school district. When assigned a locker, desk, or storage area, a student shall be responsible for its proper care. A student may be subject to a fine for any willful damage to school property. Students are encouraged to keep their assigned lockers closed and locked.

A student's locker, desk, or storage area may be searched by district staff if reasonable grounds exist to suspect that evidence of a violation of the law or school rules will be uncovered. School staff shall report a student's suspicious activity to the Principal or designee prior to initiating a search, except in emergency situations when the risk of harm to students or staff demands immediate action.

The Principal or designee should refer to these procedures for conducting searches of students and their property for guidance in establishing whether a search is reasonable under the circumstances.

The Principal or designee may search all lockers, desks, or storage areas without prior notice given to students and without reasonable suspicion that the search will yield evidence of any particular student's violation of the law or school rules.

Administrative inspections, or health and welfare inspections, may be conducted at any time for the purpose of locating misplaced library books, textbooks or other school property or to ensure that all lockers, desks, or storage areas are being kept clean and free from potential health or safety hazards. Periodic inspections of lockers will reinforce the district's ownership of lockers and the minimal expectation of privacy students have in the contents of their lockers.

Lockers, desks, and storage areas are the property of the School District, not the student. Students who use School District lockers, desks, and other storage areas or compartments have no reasonable expectation of privacy from school employees as to the contents of those areas. Lockers, desks, and other storage areas or compartments may be subjected to searches at any time for any reason without notice, without student consent, or with or without reasonable suspicion.

Formatted: Line spacing: single

Students are not to use any school area or property to store anything that should not be at the school. Students shall not exchange lockers or desks. Students shall not use any lockers or desks other than those assigned to them by the Principal or designee. A shared locker or storage area implies shared responsibility.

During a search of all student lockers **or desks**, if the school official conducting the search discovers any container within the locker **or desk** which may conceal contraband, the container may be searched according to the **School District's** district's procedures governing searches of students and their property. A "container" for the purpose of this policy may include, but is not limited to: an article of clothing, a handbag, purse, backpack, gym bag, or any other item within which contraband material may be concealed.

#### Social Media Accounts

Consistent with applicable law, the School District will not require or request that a student disclose or provide to the School District the student's username, password, or other authenticating information to a student's personal social media account. However, the School District may request to a student or a student's parent/guardian that the student voluntarily share printed copies of specific information from a student's personal social media account if such information is relevant to an ongoing School District investigation.
